SOFTWARE ENGINEER | FRONTEND DEVELOPER | MENDIX DEVELOPER

~ Applying advanced engineering strategies for efficient IT solutions and optimizations. ~

As a seasoned UI Developer with 5 years of overall IT experience and Mendix Intermediate Certified Professional, I specialize in crafting pixel-perfect interfaces that elevate user experiences. My expertise extends to frontend development, where I've worked extensively with HTML, CSS, and JavaScript. In the dynamic realm of Mendix, I bring 2 years of hands-on experience, having worked with versions 8, 9, and 10. My commitment is to seamlessly blend creativity with precision to deliver outstanding web application designs.

WORK EXPERIENCE

Software Engineer | Indium Software, Bangalore

Dec. 2022 – Present

- Spearheaded the development of five diverse projects using Mendix, showcasing proficiency across multiple versions (8, 9, 10), with hands-on experience in domain model design, Microflows for logic implementation, REST API integration, and creating user interfaces with Pages, Layouts, and Widgets.
- Major contributor to frontend development, ensuring pixel-perfect and user-centric interfaces through expertise in HTML, CSS, and JavaScript.
- Lead UI developer for most projects, consistently delivering innovative solutions for seamless and user-centric interfaces.
- Implemented Design system in Mendix, encompassing building blocks, reusable components, and project themes which empowered developers to efficiently construct consistent, brand-aligned interfaces, adhering to UI best practices and enhancing the overall user experience.
- Successfully balanced UI technologies with occasional backend tasks, demonstrating adaptability and a comprehensive skill set in low-code development.
- Actively participated in agile environments, adapting quickly to evolving project needs and contributing to the successful delivery of high-quality software solutions.

Frontend Designer | Code Square Technologies Private Limited, Delhi, India

May 2020 – Jul 2022

- **Client Collaboration and Requirement Gathering:** Effectively communicates with clients to discern and gather requirements for web projects, ensuring a comprehensive understanding of their needs and expectations.
- **Web Application Design and Graphic Development:** Utilizes Python, Django, HTML, CSS, Bootstrap, and JavaScript to design the frontend of web applications. Proficiently employs Adobe Illustrator and Photoshop for graphic designing, ensuring visually appealing and user-centric outcomes.

Frontend Designer | inlineCalibre Websolution Private Limited, Delhi, India

Dec 2018 – Mar 2020

- **Foundational Experience in Web Design:** Acquired proficiency in HTML, CSS, and Bootstrap for crafting visually appealing and responsive websites. Gained insight into understanding client requirements and translating them into design solutions.
- **Client Requirement Analysis and Website Management:** Developed skills in comprehending client needs, designing websites accordingly, and subsequently handling hosting and overall website management.

Projects Handled

- **Lease Management System in Mendix 10:** Spearheaded UI development, crafting an intuitive interface and implementing a tailored design system for seamless user experiences.
- **Asset Management System in Mendix 9:** Key contributor to frontend development, seamlessly integrating a custom design system for enhanced user interaction.
- **Central Menu Planning Mendix 9:** Played a crucial role in UI bug resolution and incorporating new UI requirements, contributing to visual consistency and user experience.
- **Complaint Management System Mendix 9:** Played a pivotal role in addressing UI requirements, ensuring seamless user experiences.
- **Project Portfolio Management System Mendix 8:** Significantly contributed to frontend tasks, taking charge of specific backend responsibilities to ensure enhanced system coherence.

CORE COMPETENCIES

- ▶ Mendix 8,9,10
- ▶ Domain Model
- ▶ Microflow
- ▶ Pages/layouts
- ▶ Widgets
- ▶ HTML
- ▶ CSS
- ▶ SCSS
- ▶ Javascript
- ▶ Figma
- ▶ Python
- ▶ Java
- ▶ React (Beginner)

PERSONALITY TRAITS

- **Analytical Problem Solver:** Proficient in identifying root causes and applying analytical thinking to devise creative solutions. Excels in navigating challenges and finding innovative resolutions.
- **Quick Learner and Implementer:** Demonstrates agility in acquiring new skills and swiftly translating knowledge into practical applications, ensuring timely and effective implementation.
- **Innovation and Research:** Enthusiastically explores and implements cutting-edge solutions, showcasing a passion for staying at the forefront of technological advancements.

ACADEMICS & CREDENTIALS

B. Tech in Computer Science and Engineering | Galgotias University Greater Noida, UP, India | 7.93 CGPA **2018**

↳ **Achieved** S Grade(Highest Grade) in many of the Subjects

12th (Senior Secondary) | S.V.N Inter College, Ikauna, UP | 88.6.% **2014**

Certificates:

Mendix | Intermediate Certification

Mendix | Rapid Certification

Udemy Certifications on Frontend Technologies
